Specifications

◇ Main features and selling points	◇ID appearance
*1.85 large screen *900mAh large battery *Video call *Intelligent Android system *LBS+GPS+WIFI multiple precise positioning *Fashionable appearance *Social mediaapps: WeChat Tiktok	

Operating system		Android 8.1	Software function list	
Chip Platform	* System data type	32 place	*SMS	Receiving SMS
	* Main chip model	ASR3603S	* Dials	Free dial
	* Main frequency	1.4GHz	* mail list	Save the address book through app and display it on the watch
	* framework	Quad-core ARM® CortexTM A53 MP processor	* Micro chat	Can send short voice messages with parents, display square
			* Video call	After binding the watch, you can make a video call with your
	* Number of kernels	Dual core		
Radio frequency	* GSM/WCDMA/FDD/TDD	GSM: B3 B8		
		WCDMA: B1 B8	*photograph	High definition photography
		TDD: B38 B39 B40 B41	*Early education	Course schedule, crazy quick learning
		FDD: B1 B3 B5 B8	* album	Display the saved photos of the watch
Frequency band	* Data rate	2G rate: GPRS	* set up	Watch function settings (power off can be set by internal power off)
		3G rate: WCDMA	* QR Code	Display watch registration code and app download QR code
		4G rate: CAT4	*alarm clock	Three alarm clocks can be set through app
Calling Mode	* VOLTE	support	* Calculator	Tinger Calc
	* Video call	support	*Call logs	Display the call history of the watch
	* GSM call	support	*Face	Can achieve local facial unlocking
Storage	* Memory (ROM+RAM)	NOR	*List of dials	Multiple sets of stunning analog dials
	* capacity(RAM+ROM)	RAM 128Mb+built-inROM	*Profile	Can set watch profile
LBS location	* LBSbase station	support	*Migu Music	You can set the ringing tone for incoming calls on your watch
	* Positioning accuracy	100-1000M	*Step counting	Watch pedometer, default off
GPS location	Chip model	Integration chip	*WIFI internet	Connect to the network through WIFI
	GPS signal	L1,1575.42MHz C/A code	*Touch and	Can make 4 friends, good friends can make video calls
	Number of GPS	72passageway	*Fire Rabbit	Audible story music
	GPS chip reception	Tracking -163dbm,	*Weather	Display the current position of the watch Weather
	GPS positioning	5-15m	* QQ	Children's Watch Version QQ
	GPS antenna	LDS	*WeChat	Support for WeChat applications
	AGPS	support	*Tiktok	Brush Tiktok small video
	* GPS Fast positioning	Cold start 28 seconds		
WIFI location	* WiFi	Support, only RX only		
	* WiFi Chip model	built-in		
	* WiFi standard	802.11b\802.11g\802.11n	*** APP Download QR Code**	
	* WiFi hotspot	Not Supported		
	* WiFiData	Not Supported		
	* Fit mode	OGS frame paste		
	* Display	1.85 "240 * 280		

Category	Spec	Value	App function	Description
Display	* Screen type	LCD		▯▞▚▞▞ (QR code)
	* Screen making	IPS		
	* size	1.85 inch		
	* Chip IC /interface	IC:ST7789V+IPS		
	* Resolving power	240*280	*** App function list**	
	* Visual angle	Full perspective	* telephone	Set the phone number through app and save it into the phone book of the watch
Touch screen	* Touch type	Capacitive	* Forbidden in	Three time periods can be set to disable classes
	* Production	COB	* Looking for	After looking for the device, the watch will ring
	* Panel shape	2D	*Video call	You can make video calls with parents' mobile phones or watches that
	* Panel thickness	1.1mm	* Friend business card	You can use the device to make friends, two watches in the same location can make friends
	* Anti fingerprint oil	yes		
	* Touch points	Single point	* Love reward	The number of love awards can be set
Camera	* Front camera pixels	30W	Refuse to receive unfamiliar calls	You can set the number of strange calls on your watch
	* Lens type	CMOS		
	* Proactive IC	GC030A	* SOS number	Three groups of SOS numbers can be set
Battery	* Cell specification	603032	* Equipment	Through the alarm function of APP device Watch
	* Battery capacity	900mAh High voltage	* SMS reminder	Low power reminder for SOS security area of communication app
	* Cell type / voltage	Polymer battery \4.35V	* Working mode	The interval of positioning time can be set
	* Standby current	6mA	* remote	Watch shutdown can be set through app
	* Theoretical standby	100H	* Reset device	The watch factory settings can be restored through app
	* Charging current	300mAH	* Switch settings	You can set the watch dial to open and lock
	* Charging time	2.5H	* Unbinding	You can unbind the binding status of the watch and app
Structure appearance	* Appearance size	243-42-16mm	* Map	Displays the geographical location of the watch
	* Weight	63g	* footprint	Show the footprint of the watch
	* Colour	Blue,Pink, Black	* Electronic	Electronic fence for watch can be set
	* Boot key	Physical keys / SOS compatible	*App store	allows you to download apps to children's watches from within the
	* Antenna technology	LDS antenna		
	* Whole machine	Pure PC spray UV oil		
	* Watch strap			
Peripheral	* Horn	1609 waterproof horn		
	* Microphone	Waterproof and strong anti-		
	* Charging mode	USB charging / customized		
	* Motor specification /	Support		
	* SIM card holder /	Cato nano card		
Packing Information	* Instruction card	a sheet	Packaging size	14.6*8.3*5.1cm
	* Charging line	One	Product size	243-42-16mm
	* Certificate	a sheet	Single packaging	144g
	*Screwdriver	One	Outer box size	435*310*125mm
	*Card reader	One	Weight (full box)	3.6Kg///20PCS/CTN
